Agreements for Consideration

d) LEI Amendment for proposed solar installation as rendered by Joe Riche for western median: $3215 plus noted exclusions (additional costs for traffic control and permitting).
Dan showed Board a rendering from Joe Riche depicting a solar panel and cattail sculpture on the west median of the corridor. There were concerns about the proposed location of the panel regarding whether it would provide adequate power and encourage vandalism (it is located near a crosswalk). Dan noted that insurance policy covers any damage incurred--
Motion: Cameron moved to approve the LEI agreement on the condition that the location can be revisited at a later time in consultation with the Board. Dennis seconded. All were in favor. Motion passed.

1) 2017 Budget & Operating Plan Resolution
Dan provided an explanation for how the Board arrived at the 2017 Budget and Operating Plan. He presented an overview of 2016 initiatives and projects.
   a) Ongoing collaboration with Colfax Ave, Mayfair, West Colfax and Bluebird Bids which has resulted in greater bargaining power as a corridor, ability to share ideas and strategies, greater connections throughout the community.
   b) PS You are Here-a project which enhanced pedestrian safety and engaged the community in the creation of art crosswalks along the corridor.
   c) Proposed Street Plans from HDR Engineering, with requests for funding to finalize designs in 2017 city budget. Pedestrian bulbouts, widen sidewalks, shorter crossings, improved on street parking.
   d) West Colfax Connects which includes safer foot and bike routes between neighborhoods, fun events and improved wayfinding signs in Lakewood Gulch.
   e) Larger Initiatives with a focus on development and zoning, land use, transit and signage. Also involves long-range planning.
   f) New Businesses
      • Mundus Bishop Design, Union 27, Solefax, Urban Gypsy Gallery, Sloans Lake Tap & Burger
